“Years ago you had to look for moose, now you don’t have to, they are down around Goose Creek. I used to hunt them at North River but now they are so close to town, I don’t have to go as far.”  Rick Bougie, personal communication, September 3, 2006.

“Changes in animal distribution have had several impacts on harvesters in Churchill. Moose have been increasing in numbers and proximity to town. And caribou are now found closer to town than in the past.”
